## DONALD LEREW, YORK SPRINGS. IS FOUND DEAD

C. Donald Lerew, 55, was found dead this morning at his home in York Springs

Dr. C. G. Crist, Adams County coroner, and State Policeman James Hydock, who investigated, said the death had been caused by a shot from a .22 caliber pistol through the back of the skull. Dr.

Crist listed the death as a suicide. According to the coroner, Mr. Lerew's sister, Miss Esther Lerew, with whom he resided, found a note on the kitchen table when she arose this morning stating that she was not to come to the basement but to call a neighbor, Frank McCauslin, and have him come down.

### LEFT THREE NOTES

McCauslin found Lerew seated on a rocking chair in the basement. Dr. Crist said Lerew apparplaced the pistol just behind his ear and pulled the trigger.

### 140 Schools To Be Represented At Installation

More than 140 colleges and universities will send delegates to the inauguration of Dr. Arnold Hanson as the tenth president of Gettysburg College Saturday afternoon at 3 o'clock in Christ Chapel. John A. Apple, of Sunbury, chairman of the board of trustees, will install Dr. Hanson.

The inauguration will begin with a symposium on "Perspectives in Liberal Learning" at 10 a.m., featuring Dr. Paul Holmer, professor, Yale Divinity School, and Dr. John Summerskill, vice president of student affairs at Cornell University.

A luncheon will follow the symposium with Dean Charles H. Glatfelter pre-

# GET MORE JOBS IF OVERTIME IS

By NORMAN WALKER Associated Press Labor Writer WASHINGTON (AP) - Close to

a million jobs could be created if the substantial overtime being worked in manufacturing industries could be somehow eliminated and the work turned over to the unemployed

One of the major inequities of the nation's economic situation is that, with millions unemployed, workers who have jobs are enjoying almost unprecedented earnings because of a great deal of overtime at bonus rates.

The government reports that factory workers, for example, averaged 2.6 hours of overtime a week during March.

### CUT UNEMPLOYMENT

If these overtime hours were denied to workers already on factory payrolls and idled employes rehired to do the work, a sizable ward the end of World War II. tion's 4.4 million unemployed to- with some of this country's hytal. The total would be reduced drogen bombs, rated at an explodone in nonmanufacturing indus- of TNT.

### Parachute Jumper Lost In River

WARREN, Pa. (AP)-A young parachute jumper who worked as a bank teller landed in the Allegheny River in his chute Wednesday night and disappeared.

About 156 rescue workers, including skin divers, probed the swift river current in the glare of 50 auto he dlights for 20-year-old Tom Nobbs before calling off the search until daylight.

Nobbs, a teller at the Sugar Grove Bank & Trust Co. in nearby Sugar Grove, leaped from a plane with two other parachutists at 4,200 feet.

Nobbs made a delayed jump, falling about 1,000 feet before pening his chute. After landing in the water, he was seen taking few swimming strokes before disappearing The other two jumpers langed safely. They are

Y., elasticised sleeves at either end of the bag, film is loaded into the tank in complete darkness. That done, the tank is removed and further operations are carried on in light.

The single-solution bottle neck threads into the tank. When in verted, the solution pours into the tank and in six minutes the film is developed and fixed. Inverted once again, the solution drains back into the bottle and is good for five more rolls of film.

The lid of the tank is removed, cold tap water washes the film for five minutes and it is hung up to dry.

With no need to worry about temperature, processing can be done while you are watching television, at a vacation resort, camping or traveling by plane or train. For anyone wanting to get their hands back into darkroom work, this is the portable answer.

### Bank Of England **Cuts Interest Rate**

LONDON (AP) - The Bank of England interest rate was cut today by half a point-from 5 to 41/2 per cent.

It was the third half-point cut in seven weeks as the British treasury continued to relax the freeze on credit that it imposed last year.

The Bank of England rate sets the interest pattern for banks and other lending institutions throughout the British Isles.

One effect of the series of cuts has been to stem the flow of money from foreign investors wishing to take advantage of the high British interest rates. This has been one factor in the continuing drain on U.S. gold reserves

The flow of such funds, known here as "hot money," reached a peak last summer when the bank rate was hoisted from 5 per cent to 7 per cent.

CAMDEN, N.J. (AP)-The Roman Catholic diocese of Camden stalled in every church, A spokesman for the diocese said Wednesday the decision resulted from 'an unfortunate incident." He declined to elaborate.

### The POWER of FAITH

### The Apostles-II JOHN

Son of Thunder was the surname Jesus gave to John when he became one of the twelve disciples. But through the power of faith and love, John became known as the Apostle of

The older John became, the more he talked and wrote of love. "Beloved, let us love one another: for God is love ... There is no fear in love; but perfect love casteth out fear ...

God is love, and he that dwelleth in love dwelleth in God, and God in him . . ." When he became very old and feeble and could no longer preach, he would say again and again, "Little children, love one another." When asked why he repeated those words, he answered, "And if this alone be done, it is enough."

Because of this love, it was John whom Jesus appointed to take care of Mary.

### Loses Legs, Husband, Six Success Brings New Job To Stage Star Children; Is Happy At 71

When Elizabeth Mukko was a child her father amputated both of her frozen legs below the knees, then stood her in a flour barrel to stop the bleeding.

In the 1918 influenza epidemic she buried her husband and six children herself, and said prayers over their graves.

"I've had a hard life," the 71 year-old woman from Happy Valgot to take the good with the bad or, it is smart to try it before you could handle the big one as well." into the deep water young—and ers. and you still have to smile."

And smile she did during a visit here to be fitted with a new set of artificial legs.

Her story and courage so impressed Canadian and American airmen at Goose Bay, Labrador, they launched the campaign that raised money to buy the new legs. BECAME AGILE

The new limbs are the latest of a series she has had since a day long ago when her trapper father returned to find her legs frostbitten and developing gangrene

Miles from the nearest hospital, the father decided that to save her life he would have to amputate. Then he stood her in the flour to stem the bleeding.

By the time Elizabeth was 10 she had become quite agile at moving about on her knees cov-plying a temporary color rinse at ered by leather pads made by her shampoo time. father.

CROSSWORD - - - By Eugene Sheffer

By VIVIAN BROWN The Associated Press

Hope chests have lost their usefulness, in the opinion of Carole Stupell, well-known New York table coordinator, "unless you stock them with Treasury bonds.'

Time was when a girl married and stayed in her own social circle for the rest of her life.

"But our lives move faster now, and we don't know where we will be tomorrow, and what our standard of living will be. The items put in a hope cheset may not fulfill our requirements," Miss Stupell says.

And it often is Mom and Grandma who stock the chest, not only with gifts that run to money, but with their own taste, she points

"Mothers often can't wait to begin hope chests for daughter. One Mother wanted to start her 9-year-old girl with two placements of gold flatware She thanked me for steeering her to Treasury bonds.

Miss Stupell also leads young girls away from expensive settings and away from the idea that what they buy as brides will last

"It is silly to get a service for 12 in a three-room apartment or small house," she says. "If a table can seat six, purchase no more than six settings of china, silver, glassware.

NEW IDEA

"Many brides feel they are through for life after the original purchases are made, but that isn't the idea in this era.

"We change other furnishings but somehow we are convinced we should use the same dinnerware and flatware for the rest of our lives."

The table coordinator suggests brides-to-be would do well to learn to set a table instead of worrying about filling a chest.

"One sees few beautiful tables set by newlyweds. It is an art that is learned with time. So if you start off with the wrong things, expecting them to last forever, how can one hope to achieve it?" she asks.

Miss Stupell believes a well-tings. One example is black, Fire Companies appointed table can be a factor white and gunmetal - black and in child training and the family white china, gunmetal glasses, mealtime one bulwark against black napkins, stainless flatware HARRISBURG (AP)-The State juvenilee delinquency.
